JERICO-S3 WP4 REGIONS WORKSHOP: PSS progress meeting

Wednesday 16 March 2022 / 13:00 - 15:00

1. Scope of the workshop:

Workshop will provide an update of recent developments in Pilot Supersites. It will highlight the examples of transnational and trans-institutional integration of observations and related activities during the first year of PSS implementation. Workshop will also reveal the observed key challenges in the integration and collaborations. Workshop continues in facilitating between PSS and between WP connections, and also connection to JERICO-DS. PSS experiences in connecting with ERICs and other communities will be presented and discussed.

PSS and IRS experiences will be discussed with an aim to build sustainable coastal observing systems using the integrated multi-platform approach and transnational cooperation (as a trademark of JERICO-RI).

2. **Expected outcomes:**

- Update the JERICO-RI partnership what are the developments in PSSs
- List of actions to improve between PSS integration, and to facilitate links to other WPs
- Communication of the different levels of connections to ERICs and other communities
- Identification issues where other JERICO-S3 and JERICO-DS WPs require input from PSSs

3. **Targeted audience:**

- PSS leads and partners
- JERICO-S3 and JERICO-DS WP and Task leads

Joaquín Tintoré to Everyone (16:28)

It seems to me that we are rewriting the history from PSS and IRs... I am not sure it is the right time... PSS were very clearly defined from the beginning. Its where later included as networks (following @Martin comments)

Me to Everyone (16:32)

Just say the word and poof, I send everyone to the rooms 😊

Joaquín Tintoré to Everyone (16:32)

In relation to the Integration of IRS and PSS ... of the next session, I would like to share with all a recent work we have done under EuroSea, that is I believe relevant to set the scene... just a 1st step...
